Double Rewards!

A handwritten signature in blue ink, appearing to read "Charles P. Moore".

It has been three months since my last letter and things continue to change on almost a daily basis. 2020 has certainly kept us on our toes as we function within the latest guidelines. Kansas and especially small-town Kansas is a great place to be right now. When Kansans are faced with adversity, they don't even blink, they just keep working. I have to give a "Big Shout Out" to the LSB employees for all their hard work the last few months. From questions about stimulus checks, PPP loans for our business customers and doing whatever is necessary to help our customers, they were the calm and confidence our customers needed to know their money was safe. No one else will, but I consider them front line workers because next to health and family, most people's next concern is their money. Imagine the chaos that would have ensued if banks would have closed even for a day. Our bank and the communities we serve have adapted well to the new modes of operation and have supported each other during this uncertain time. We continue to do all we can to keep our staff and customers safe and healthy while maintaining the level of customer service you deserve. We thank you for your support and trust! I see some light at the end of the tunnel and I'm certain it is not a train??
Stay healthy and safe!
God Bless

Important Dates
