Dear **JOYCE M,**

Congratulations to all the recent graduates and to all the athletes that competed in state events the end of May. I was able to take in several of the activities and they were a joy to watch.

As busy as the school year was, I know that the summer will be even busier, so this is a good time to remind you of all the products and services we offer that can save time and make your life easier. Our online banking is a simple and fast way to maintain your accounts and with our online bill pay you can pay your bills automatically each month and avoid writing checks and mailing payments; saving time and trees. Another way to stay connected with your account information is with our voice response telephone banking (828-9740 or toll free 866-828-9740). Check balances, recent transactions and transfer funds. Get your bank statement faster now with our new e-statements, they look just like the paper statements you currently get and you have access to 18 months of past statements at your finger tips.

Don't forget to check our website for all the latest products, news, events, weather, stock prices and more. Have a safe and memorable summer!
God Bless

Whistle Stop Cafe

Remember when you were a kid and visited a great old diner that served up delicious home-cooked meals and homemade desserts with lots of friendly service? Relive those days at Whistle Stop Cafe in downtown Melvern. They have a full menu and serve breakfast all day. Come on down and enjoy a good hot meal with family and friends. And don't forget them for all your catering needs.

Rule of Thumb for Debit Card Transactions

Always chose CREDIT!

When using your debit card at retailers always chose to run your transaction as a CREDIT. This option provides you with the best security and protection. Whether swiping your card on a keypad or giving it to a clerk to process, chose CREDIT. Many CREDIT transactions will require your signature, not a PIN number. This is much more secure and provides you with charge-back rights not available to PIN-based transactions, if the card is used fraudulently.

Remember: The only time you should use your PIN number is when withdrawing money from an ATM.
